

Help Your Neighbors and Your Community

This sheet contains five small flyers you can print and cut out to take with you when walking your neighborhood.

This is for everyone who is concerned about the well being of the neighborhood. If you see property left in plain sight inside a car, just place this small flyer under the windshield wiper. The car owner will appreciate the reminder to be careful about how visible their important items are.

Together we can support our neighbors and make the whole community a little safer.

Thank You

There are visible items in your car!

Don't be a Target!

If we could see them, so could a thief. Car burglaries are a crime of opportunity. Don't give someone the opportunity to steal.

Don't leave visible items in your car!
