

I, the undersigned, respectfully request the City of Sacramento's Department of Parks & Recreation to execute the following:

- The immediate and permanent cessation of all field light use at Witter Ranch Park;
- The ultimate relocation of Witter Ranch Park field lights to the North Natomas Regional Park (or any other park in North Natomas where they would be welcomed by the surrounding neighborhood); and
- An inflation-adjusted amenities credit for the original cost of the field lights so that the design of the park and its upcoming final phase of development can be revisited to incorporate the neighborhood's true wishes.
